

Hello!

Welcome to the latest issue of the Police G7 Community Newsletter. With 21 days remaining before the Summit begins, final preparations are taking shape.

Next week will see the start of route closures and diversions, beginning with Campbeltown Way, Falmouth. Grove Place and Maritime car parks in Falmouth will also be closed from 27 May for security preparations to commence. Keep an eye on D&C Alert and the local media for updates.

Business and community outreach

Cornwall Council are working with the police to identify sectors of the community who require certain information, such as the care sector, the maritime sector and the environmental sector. Organisations should look out for an invitation to an online outreach session containing information specific to your area this coming week.

Access requirements

To minimise any delays in accessing restricted areas, please have two forms of ID with you: Passports, driving licences or utility, council tax bills or bank statements less than three months old are all valid forms of ID.

Refuse collections

Refuse collection days are changing temporarily in some areas affected by the G7 preparations. If your area is affected, Cornwall Council will make contact with you in due course.

G7 community impact

The police have released a community impact timeline to inform local people of the anticipated disruptions that may affect them during the G7 Summit.
