## Cornwall – the chosen location

**We are proud that Cornwall has been chosen to host the G7 Summit, which takes place from Friday 11 June to Sunday 13 June.**

This is a major event with numerous security considerations therefore there will be unavoidable disruption for people who live close to the four venues which are hosting the event. These are:

- Carbis Bay Hotel

Prior to and during the Summit, there will be lots of activity including road traffic, air traffic and intensive preparations to the venue, including the installation of security measures. Please expect some additional noise and delays. We thank you for your patience and understanding.

To help you plan your journeys around these disruptions, we have included details of road closures, diversions, parking restrictions and information about

local services. Also included is a map of the local area to show the key changes.

High levels of security are in place to ensure that everyone remains safe. This will mean that you may be asked to pass through security access points and show two forms of identification. Further details about this will be given later in this booklet.

To help minimise delays, please familiarise yourself with the changes. We advise that you carry your identification documents with you during this period to minimise delays
